The Practice of Practice 2014-07-01

special launch price goes away march 1st if you re a self taught guitarist wanting to play songs without spending all your time practicing this may be the most important book you ever read but first a warning this book is not for everyone this isn t one of those practice until your fingers bleed or cram confusing theory into your mind type of guitar instruction books there are plenty of those available i e practice scales exercises for hours per day and feel guilty if you don t when i first decided to learn to play guitar i read all the guitar books for beginners and focused on developing a lot of areas like scales theory and exercises that promised me one day i d be able to play the songs i loved the problem is when you approach practice like that you have a lot of stuff to practice but you usually have no real music to show for it ending up with what i call mountain climber syndrome you feel like eventually your hard work is going to pay off everything will come together and you ll finally be able to play songs why not play songs right away instead the simple three step system in this book requires a slight shift in the way you think about practicing but leaves you with lots of songs confidence and a lifelong skill you can use any time you want to learn the songs you love on demand with that said let s jump right in practice less play more is about getting immediate results from your guitar this means only focusing on the things that help you play songs both before practice after practice the idea is to divide your guitar practice into 3 phases the first phase focuses on priming your mind so you have the right mindsets techniques to learn songs quickly and all of the right materials to get the most out of your practice sessions the second phase focuses on practice technique showing you exactly how to break a song down and quickly program each part into your fingers far too few guitar practice books explain this clearly the final phase focuses on the best mindsets techniques to use when you switch out of practice mode and are actually playing songs so you can play them as effortlessly as possible and have a blast doing it it is called practice less play more because you are constantly building momentum and your song playlist without having to endure hours of mind numbing practice it is actually an easier less stressful approach to playing guitar not only that this book shows you how to get songs to performance quality

within days you should practice guitar parts over over until you master them right wrong find out why in chp 7 how to create a practice routine you enjoy and can actually stick to even if you have a super busy schedule when is the best time to practice for long lasting results 5 ways to cut your practice time in half and virtually guarantee you make progress each time you pick up your guitar what to think about while you re playing songs the answer may surprise you how to reduce the amount of mistakes you make and exactly what to do when you make one most beginners are doing the opposite one practice method you should never use if you want rapid results on guitar say goodbye to guessing what to practice next and finally build a playlist of songs you re proud to play on guitar the book is an easy read and will feel like we re just chatting as i tell you my best stories from on off tour and show you my best strategies for learning songs order now before the price increases all proceeds from this book are being used to create new programs for cancer patients and their caregivers thank you for your support

The Drug and Other Stories 2010

the inner game of music the breakout hit that became a standard primer in the music world has taught thousands of musicians professionals and amateurs alike how to overcome self consciousness and stage fright and to recapture a youthful almost effortless capacity to learn now in his follow up book the mastery of music barry green turns his expert hand to the artistic qualities that make an extraordinary musician culling advice from dozens of interviews with legends including joshua bell dave brubeck jeffrey kahane bobby mcferrin christopher parkening doc severinsen frederica von stade the harlem boys choir and the turtle island string quartet he reveals that it s not enough to have a cerebral and emotional connection to the notes green hows how musical excellence exhibited by true virtuosos requires a mastery of ten unique qualities of the soul and the human spirit such as confidence passion discipline creativity and relaxed concentration and he discusses specific ways in which all musicians composers and conductors can take their skills to higher levels he carefully incorporates all instruments and techniques in his rejuvenating discussions inspiring the stifled student to have fun again and the over rehearsed performer to rediscover the joy of passionate expression essential reading for every musician the mastery of music strikes a beautiful new chord
