Technical Memorandum - National Advisory Committee for Aeronautics 1952

chiefly translations from foreign aeronautical journals

Technical Memorandum 1947

chiefly translations from foreign aeronautical journals

NASA Memorandum 1959

the journal is focused on articles on administrative leadership in schools and school districts and also in articles that inquire about teacher student parent and community leadership

NASA Technical Memorandum 1989

chiefly translations from foreign aeronautical journals

Technical Memorandum - Beach Erosion Board 1951

when policymakers are in need of economic advice professional economists are never far away policymakers journalists and citizens all rely on experts to explain various economic developments and policy proposals while it is fortunate that experts are close at hand those concerned with choosing or evaluating economic policies should themselves have an understanding of how the economy works unfortunately many policymakers and interested citizens currently lack such knowledge and they need to know at the least the basics of macroeconomics to make informed decisions on their own in this insightful book charles l schultze employs an imaginative format for explaining to busy policymakers and citizens how the economy works and what issues are likely to affect macroeconomic policy he imagines that the next president has promised to devote one hour a week to learning about key economic principles and has asked the chairman of the council of economic advisers for instruction the book is written as a series of memos to the president on the principles and policy issues that should be understood before making macroeconomic policy judgements a former chairman of the council of economic advisers himself schultze clearly explains the key relationships as a background for policy decisions relationships among domestic and foreign economic forces and government policies and economic outcomes the memos rely heavily on the use of real world examples from recent economic events and policy debates they focus principally on such policy related issues as inflation unemployment long term economic growth and the flow of international trade and capital the series of short easy to read memos is divided into three groups the first presents the background explaining why it is particularly important for policymakers to distinguish between those economic forces that affect total demand in the economy and those that affect total supply the second addresses the problem of economic stability and the third looks at long term economic growth

JSL Vol 27-N3 2017-09-28

the journal of school leadership is broadening the conversation about schools and leadership and is currently accepting manuscripts we welcome manuscripts based on cutting edge research from a wide variety of theoretical perspectives and methodological orientations the editorial team is particularly interested in working with international authors authors from traditionally marginalized populations and in work that is relevant to practitioners around the world growing numbers of educators and professors look to the six bimonthly issues to deal with problems directly related to contemporary school leadership practice teach courses on school leadership and policy use as a quality reference in writing articles about school leadership and improvement

Technical Memorandums 1925

working papers and research memoranda published from 1956 to 1970 are located in walter library closed storage in late 1961 the series title changed from research memorandum to rand memorandum selectively cataloged reports may be located by means of a title author or series search in mnacat

NASA Memorandum 1959

the grounded theory method is founded on a view of analysis whereby the research questions and potential hypotheses are not articulated at the outset rather the researcher initially seeks to gain familiarity with a research context and only in later stages does the process become progressively more focused and targeted as such the grounded theory method uses familiar research tools and techniques coding sampling classification but in distinctive and innovative ways as a result the method is one of the most widely used if not the most widely used method in current qualitative research initially aimed at the social sciences the grounded theory method has now spread so far that it can be found in almost any subject area or discipline in which people are observed or interviewed as participants in grounded theory and grounded theorizing pragmatism in research practice author antony bryant illustrates the key features of grounded theory method by showcasing examples from several of his most successful doctoral students in this accessible volume bryant provides expert guidance on the use of grounded theory method in qualitative research by emphasizing and illustrating the essential features and background of the method for readers and researchers of all levels and competencies

Memos to the President 2011-01-01

focused on developing the conceptual theoretical and methodological knowledge needed to engage in rigorous and valid research this introductory text provides practical explanations exercises and advice for how to conduct qualitative research from design through implementation analysis and writing up research qualitative research presents the field in a unique and meaningful way and helps readers understand what authors sharon m ravitch and nicole mittenfelner carl call criticality in qualitative research by communicating its foundations and processes with clarity and simplicity while still capturing complexity packed with real life examples of questions issues and situations that stem from the authors and their students research the book humanizes the qualitative research endeavor illustrates the types of scenarios that arise and emphasizes the importance of actively considering paradigmatic values throughout every stage of the research process in every chapter the authors illustrate the qualitative research process as decidedly ideological political and subjective using themes of criticality reflexivity collaboration and rigor

JSL Vol 28-N3 2018-06-22

this book constitutes the refereed proceedings of the 37th conference on current trends in theory and practice of computer science sofsem 2011 held in nový smokovec slovakia in january 2011 the 41 revised full papers presented together with 5 invited contributions were carefully reviewed and selected from 122 submissions sofsem 2011 was organized around the following four tracks foundations of computer science software systems and services processing large datasets and cryptography security and trust

Collected Rand Memoranda. 1947

in performance cognitive theory and devotional culture jill stevenson uses cognitive theory to explore the layperson s physical encounter with live religious performances and to argue that laypeople s interactions with other devotional media such as books and art objects may also have functioned like performance events by revealing the remarkable resonance between cognitive science and medieval visual theories stevenson demonstrates how understanding medieval culture can enrich the study of performance generally she concludes by applying her theories of medieval performance culture to contemporary religious forms including creationist museums hell houses and megachurches

Grounded Theory and Grounded Theorizing 2017

describes the circumstances and people that turned a department in an isolated prairie university into a thriving intellectual community that would nurture some of canada s best minds

Qualitative Research 2015-08-28

creswell does an excellent job categorizing the various qualitative methods into five approaches narrative research phenomenology grounded theory ethnography and case study the author has expanded on and updated the information he presented in the first edition of the book creswell 1998 including discussion of the various schools of thought that have developed among qualitative researchers since the mid 1990 s qualitative inquiry research design choosing among five approaches is a highly informative book

researchers will likely return again and against to the book as they expand their comfort zone within qualitative research peggy m delmas university of alabama creswell has produced an even more outstanding and valuable text for qualitative research than the first edition edith king university of denver like the bestselling first edition this new version explores the philosophical underpinnings history and key elements of each of five qualitative inquiry approaches narrative research phenomenology grounded theory ethnography and case study using an accessible and engaging writing style author john w creswell compares theoretical frameworks ways to employ standards of quality and strategies for writing introductions to studies collecting data analyzing data writing a narrative and verifying results

National Universities Commission Executive Secretary's Weekly Monday Memo to Staff 2003

this book focuses on the science law and morality behind interrogational methods it develops for the first time a comprehensive discussion regarding the legality of torture and the efficacy of interrogation in other words scientific research has concluded that torture is not effective this then raises a natural question what interrogational methods are effective how does one employ those methods in way that is consistent with law and morality

Work Related Abstracts 1994

the goal of this book is to provide a comprehensive and systematic introduction to the important and highly applicable method of data refinement and the simulation methods used for proving its correctness the authors concentrate in the first part on the general principles needed to prove data refinement correct they begin with an explanation of the fundamental notions showing that data refinement proofs reduce to proving simulation the book s second part contains a detailed survey of important methods in this field which are carefully analysed and shown to be either incomplete with counterexamples to their application or to be always applicable whenever data refinement holds this is shown by proving for the first time that all these methods can be described and analysed in terms of two simple notions forward and backward simulation the book is self contained going from advanced undergraduate level and taking the reader to the state of the art in methods for proving simulation

Current Index to Journals in Education 1999-07

the recent widespread rejection of conventional theory and method has led to the evolution of different ways of gathering and analyzing data this accessible textbook introduces key research methods that challenge psychology s traditional preoccupation with scientific experiments the book provides a well structured guide to methods containing a range of qualitative approaches for example semi structured interviews grounded theory discourse analysis alongside a reworking of quantitative methods to suit contemporary psychological research a number of chapters are also explicitly concerned with research as a dynamic interactive process the internationally respected contributors steer the reader through the main stages of conducting a study using these methods

Current Index to Journals in Education, Semi-Annual Cumulation, January-June 1978-09

drawing on political social and economic theory reforming civil procedure focuses on the english civil justice system by looking at its history and its processes the book considers the objectives of civil procedure and how it operates for and against particular societal groups and what ideas and behaviours impact upon it the reform of civil procedure has been beset with difficulties some are caused by questions of culture and mind sets resistant to the changes some by a confusion and conflict of values some by overambitious reform efforts some by a failure to follow through on purpose clauses and some by swinging from laxity to rigidity with insufficient analysis this book makes a strong contribution to the field by synthesising the work of english writers with different views extending the work in england on the role of philosophy values process and culture in litigation and engaging extensively with american writers who have not previously been the subject of much attention in english civil procedural studies

SOFSEM 2011: Theory and Practice of Computer Science 2011-01-10

the existence of interactions between different but overlapping legal systems has always presented challenges to black letter law

this is particularly true of the relationship between international law and domestic law and the relationship between federal law and the laws of individual federation members moreover some organisations have created their own supranational constitutional systems the united nations charter is the best known and is often referred to as the world constitution but the european court of justice in luxembourg views the european treaties as a constitutional charter for europe while the european court of human rights has defined the european convention on human rights as a constitutional instrument of european public order it is in the dynamic relationship between domestic constitutional laws eu law the echr and the un charter that the most persistent difficulties arise in this context interordinal instability not only provokes strong academic interest but also affects what has been called governance or global government and undermines both legal certainty and individual fundamental rights different solutions constitutionalist and pluralist have been explored but none of them has received global acceptance in this book luis gordillo analyses the interordinal instabilities which arise at the european level focusing on three main strands of case law and their implications *solange* *bosphorus* and *kadi* to solve the difficulties caused by this instability gordillo proposes a form of soft constitutionalism which he calls interordinal constitutionalism as a means to bring order and stability to global legal governance the original spanish thesis on which this book is based was awarded the nicolás p rez serrano prize by the centro de estudios pol ticos y constitucionales for the best dissertation in constitutional law 2009 2010

Performance, Cognitive Theory, and Devotional Culture 2010-05-24

how can you analyse narratives interviews field notes or focus group data qualitative text analysis is ideal for these types of data and this textbook provides a hands on introduction to the method and its theoretical underpinnings it offers step by step instructions for implementing the three principal types of qualitative text analysis thematic evaluative and type building special attention is paid to how to present your results and use qualitative data analysis software packages which are highly recommended for use in combination with qualitative text analysis since they allow for fast reliable and more accurate analysis the book shows in detail how to use software from transcribing the verbal data to presenting and visualizing the results the book is intended for master s and doctoral students across the social sciences and for all researchers concerned with the systematic analysis of texts of any kind

No Ordinary Academics 2000-01-01

this book offers an inside look into the notoriously tumultuous professional relationship of two great minds karl popper and paul feyerabend it collects their complete surviving correspondence 1948 1967 and contains previously unpublished papers by both an introduction situates the correspondence in its historical context by recounting how they first came to meet and an extensive editorial apparatus provides a wealth of background information along with systematic mini biographies of persons named taken together the collection presents popper and feyerabend s controversial ideas against the background of the postwar academic environment it exposes key aspects of an evolving student mentor relationship that eventually ended amidst increasing accusations of plagiarism throughout readers will find in depth discussions on a wide range of intriguing topics including an ongoing debate over the foundations of quantum theory and popper s repeated attempts to design an experiment that would test different interpretations of quantum mechanics the captivating exchange between feyerabend and popper offers a valuable resource that will appeal to scientists laymen and a wide range of scholars especially philosophers historians of science and philosophy and more generally intellectual historians

OAR Cumulative Index of Research Results 1967

during the 1970s american foreign policy faced a predicament of clashing imperatives us decision makers already struggling to maintain stability and devise strategic frameworks to guide the exercise of american power during the cold war found themselves hampered by the emergence of dilemmas that would come to a head in the post cold war era their choices proved to be of enormous consequence for the development of american foreign policy in the final decades of the twentieth century and beyond in a superpower transformed daniel j sargent chronicles how policymakers across three administrations worked to manage complex international changes in a tumultuous era drawing on many newly released archival documents and interviews with key figures including president jimmy carter and dr zbigniew brzezinski sargent explores the collision of geopolitics and globalization that defined the decade from the nixon administration s efforts to stabilize a faltering pax americana to henry kissinger s attempts to devise new strategies to manage or mitigate the consequences of economic globalization after the oil crisis of 1973 74 to the carter administration s embrace of human rights promotion as a central task for foreign policy sargent explores the challenges that afflicted us policymakers in the 1970s offering new insights into the complexities that emerged as the new forces of globalization and human rights transformed the united states as a superpower a sweeping reinterpretation of a pivotal era a superpower transformed

is a must read for anyone interested in u s foreign relations american politics globalization economic policy human rights and contemporary american history

Industrial Electronics N3 2000

branigan effectively criticizes the communication model of narration a task long overdue in anglo american circles the book brings out the extent to which mainstream mimetic theories have relied upon the elastic notion of an invisible idealized observer a convenient spook whom critics can summon up whenever they desire to naturalize style the book also makes distinctions among types of subjectivity after this we will have much more precise ways of tracing the fluctuations among a character s vision dreams wishes and so forth branigan also explains the necessity of distinguishing levels of narration

Current Index to Journals in Education, Semi-Annual Cumulation, January-June, 1977 1977-09

small and medium sized enterprises smes account for about 97 99 per cent of total enterprises and 60 80 per cent of total employment in asean countries the participation of smes is thus crucial for achieving greater regional economic integration amongst asean countries smes are however often constrained by many disadvantages that limit their abilities to become importers and exporters this is well documented in the research literature on trade and firm size this volume contains selected asean country studies on the participation of smes in regional economic integration based on primary microdata this is supplemented by empirical studies on the role played by east asian multinational enterprises in the region the editors and authors of smes and economic integration in southeast asia are to be congratulated for this major contribution to the scholarly and policy literature on a subject of much public discussion but limited analytical research the emphasis on economic integration highlights the importance of these firms in southeast asia s growing regional and global engagement the thirteen chapters by leading authors in the field comprise both insightful country analyses and careful examination of the links between smes and foreign investment hal hill h w arndt professor emeritus of southeast asian economies australian national university
