The George Eliot Letters 1975

a reference book for the musician s practical work of interpretation this volume after a general presentation of 18th century principles for determining a tempo offers a compendium of all mozart s autograph tempo markings in 420 lists of pieces of similar character thus a comparison of slower and quicker movements is made possible by 434 music examples and there follows a wide ranging collection of relevant texts taken from historical sources the book does not claim to know the single correct tempo for the works of wolfgang amadeus mozart it hopes to be of assistance in the unavoidable search by every interpreter for the true mouvement of each work for the work itself for the performer the instrument or instruments the room the public the nature of the event it follows that there can be no absolutely authentic tempo for mozart s works and yet his tempo markings since he chose them so meticulously should be taken equally seriously with the other parameters of his famously precise notation alfred brendel writes an astonishing opus one of those rare and important books in which music and musicology form a vital association a lifelong study that makes one very much aware of a field to which attention is rarely paid it accomplishes this by bringing to bear an understanding that never loses sight of the musical foundation on which it is built and by a discerning intelligence that does not shy away from raising debatable topics although without ever claiming infallibility one cannot be grateful enough to helmut breidenstein for his methodological accuracy which allows us mozart interpreters to orientate ourselves with ease and pleasure his book sharpens our perception at the same time giving an overview and making us sensitive to each individual case admiration and gratitude

Soldier's Manual 1981

getting your canon speedlite to produce the light you need can be a real challenge for those new to flash photography or for anyone who has previously given up out of frustration speedlites handbook is a revelation photographer syl arena takes you on a journey that begins with an exploration of light and color moves through a comprehensive discussion of the canon speedlite family and all of the accessories and equipment available to the speedlites then settles down to crafting great light in one photo shoot after another whether you want to create a classical portrait shoot an event or simply add a little fill light to a product shot speedlites handbook shows you how a fantastic in depth resource illustrated with over 500 images speedlites handbook covers how to see the various characteristics and properties of light itself as well as the differences between how your camera sees versus how you see all the buttons and dials of the entire canon speedlite family the basics of on camera flash and the necessity of getting your flash off the camera how to beautifully balance flash with the existing ambient light all the equipment necessary for great speedlite shots how to get amazing shots with just one speedlite how and when to use e ttl versus manual flash the

use of color gels to balance color as well as create dramatic effects how to tame the sun or any really bright light with hi speed sync and much much more whether you re shooting portraits events or sports speedlites handbook is an essential resource that teaches you how to craft the light you need for any type of shot you want

BASIC Manual 1980

offers coverage of wartime extra legal courts focusing on those periods when the constitution and civil liberties have been most severely tested by threats to national security fisher critiques tribunals called during the presidencies of washington madison jackson lincoln andrew johnson wilson franklin roosevelt and truman
