Living in the Hope of Glory 2011-08-31

this book will take you from sunday christian to being a vital member of the body of christ in your local church understanding why you are who you are and who for matthew started writing this book not after he d been in the ministry for twenty years or more nor after he d built a mega church he hadn t even started bible college yet he began writing this book less than a year after becoming a christian so he literally takes you with him from discovering the difference between how and why things are as they are all the way to clearly hearing the voice of god and effectively standing up against the devil and his drones in your life wake up and smell the glory is an extraordinary book written by an ordinary man seven years in the making it s the compilation of one man s journey from revelation through revelation after finding accepting and embracing jesus as his lord and saviour matthew d smith had been living in this strange world for long enough before he became a christian to realise that from a secular point of view most of it just doesn t add up when the idea was introduced to matthew that christians can actually hear the voice of god they didn t tell him that most people don t or that it s a rare occurrence at least not until the prophetic was already flowing and by then it was too late to squeeze him into the box so many accept so as a new christian with the child like faith that jesus requested for salvation matthew decided early on that if god is who he says he is and you have a question what s stopping him from answering you the bible says you have not because you ask not so he asked and he asked and he asked some more from the back of the book question for you have you ever felt like that animated cartoon where the character s trying to make a moral decision and the little angel pops up on his shoulder to represent his conscience as he s talking to his conscience a little devil pops up on his other shoulder to talk him into doing the wrong thing instead despite the cartoon antics have you ever noticed how the angel talks to him respecting him as an individual but the devil talks as him as if his words were the characters own thoughts getting him to focus on the temptation the sly little devil whispers it s words in his ear as if it wasn t even there well welcome to life as it actually is why would you read this book i m just like you no more no less i believe god is raising up his people any of his people to finish the work he started and left us with two thousand years ago i ve written this book to show you that god can and will use anyone who is ready and everyone who is willing don t read this book because you know who i am nobody knows who i am read this book because you want to know what god has to say directly to you
