this book explores how verbal blessings can change and restore difficult relationships highlighting the great power of the living god to work in our daily lives the spoken blessing is a powerful spiritual weapon with enduring impact by giving spoken blessings we can see healing brought to aching souls and restoration brought to bruised relationships such wonders are accomplished by the power of god's spirit through the agency of spoken blessings just as scripture affirms death and life are in the power of the tongue our words have the power to crush or to heal to break bones or to plant a tree of life where none has grown before and these dynamics of the spoken blessing may be truer today than ever mr gothard's timely message

diversity drawing on both biblical and theological sources analyzing old testament texts she provides a close reading of several key passages that express god s steadfast love for humankind and show that diversity is part of god s overall plan for human culture in the new testament she turns to several influential texts and familiar passages to which christians have often pointed as proof of the exclusive truth or superiority of christianity over other religious traditions by putting these texts in their respective contexts and by examining the roles of religious others in the new testament campbell demonstrates that god s grace extends far beyond a chosen people and that knowledge of god is not limited to christian believers campbell ultimately affirms that religious diversity is part of god s providential care for humankind therefore she urges christians to be modest in their claims to truth to be open to interfaith dialogue and to work with others for justice and peace
