**How Organizations Act Together** 2002 the definition of great leadership backed by ground breaking research when execution isn t enough examines the essential leadership skills that go beyond simply executing strategies well it examines the leadership skills that inspire excellence and drive growth great leaders think differently but their secrets values and behaviors can t be bottled or can they is leadership so contextual that it defies standardization in this book mckinsey s global head of leadership development draws on ground breaking mckinsey research to uncover 20 distinct leadership traits all are important but some make all the difference in inspiring organizations to exceptional results and growth and a select few create the vast chasm between strong and weak organizations in terms of leadership effectiveness structured as a business parable this book employs a rich cast of corporate characters to illustrate the critical behaviors of inspirational leadership and the outcomes that become possible attempting to nail down exactly what makes a leader inspirational is like trying to capture lighting in a bottle but new mckinsey research has identified the behavioral leadership catalysts that inspire greatness this book describes the behaviors to inspire that can be learned tot

leader understand the neuroscience of inspiration tailor your inspirational approach to different leadership scenarios initiate an inspiration cascade to influence people at scale the picture of leadership has changed over time today s great leaders are authentic enthusiastic decision makers with engaging visions who are quick to communicate and take action less than half of all ceos believe that their training investments will pay off yet everyone agrees that leadership drives performance where is the disconnect it s in the belief that simple leadership behaviors equal results forgetting that exceptional results only come from inspiration when execution isn t enough shows you how to attain the missing link of great leadership to bring exceptional results of your organization

**Organizational Behavior** 1995-01-01 this book shows students entering the public service as well as professionals in the field how to become ethically competent to provide the leadership needed to advance the public interest the book doesn t just talk about ethics the contributors describe how ethical competence should guide organizational conduct all chapters are original and written by experts in the pa field for this book
